first general election under this Constitution, shall be filled in the manner now prescribed by law.

Thirteenth. At the time of submitting this Constitution to the electors for their approval or disapproval, the article numbered thirteen, in relation to negroes and mulattoes, shall be submitted as a distinct proposition in the following form: "Exclusion and Colonization of Negroes and Mulattoes," "Aye," or "No." And if a majority of the votes cast shall be in favor of said article, then the same shall form a part of this Constitution; otherwise it shall be void, and form no part thereof.

Fourteenth. No article or section of this Constitution shall be submitted as a distinct proposition to a vote of the electors otherwise than as herein provided.

Fifteenth. Whenever a portion of the citizens of the counties of Perry and Spencer shall deem it expedient to form, of the contiguous territory of said counties, a new county, it shall be the duty of those interested in the organization of such new county, to lay off the same by proper metes and bounds, of equal portions as nearly as practicable, not to exceed one-third of the territory of each of said counties. The proposal to create such new county shall be submitted to the voters of said counties, at a general election, in such manner as shall be prescribed by law. And if a majority of all the votes given at said election shall be in favor of the organization of said new county, it shall be the duty of the General Assembly to organize the same out of the territory thus designated.
